# Varn<sup>®</sup> Hydro-Solv Wash

Extra Strength Water Miscible Wash

Press Wash: Water-Miscible

Varn<sup>®</sup> Hydro-Solv Wash is formulated to quickly dissolve oil-based, rubber-based, UV and vegetable-based inks, as well as remove water soluble and solvent soluble glaze. When mixed with 25% water, it provides exceptional economy as it removes lint, paper dust, clay and similar contaminants in a single washup.

## Advantages of Varn<sup>®</sup> Hydro-Solv Wash

- Effectively removes UV inks
- Water miscible to extend product mileage
- Mild odor

SHEETFED. UV.

# Varn® Hydro-Solv Wash

Extra Strength Water Miscible Wash

## Specifications:

Please contact Flint Group for a Safety Data Sheet

## Directions:

For best results, allow this product to reach room temperature before using. Cold solvents do not clean as well.

## Blankets:

Use as a regular blanket wash where glaze, piling and linting are a problem. Use water on the washup rag with Hydro-Solv or add 25% water to Hydro-Solv and shake before using.

## Rollers:

Use as any good one-step wash. Can also be used on plates and dies with oil-based inks. When using Hydro-Solv to remove UV curable inks, do not add water. Varn produces a complete line of washup and maintenance products for all printing applications. Request a press maintenance chart for your type of press.

**Note:** Speak to your Flint Group representative before using this product on components made with EPDM rubber compounds.

## Packaging:
