

Varn® Green Wash HS

High-Performance Ecological Wash, Formulated Especially for Elettra Systems

Press Wash

Varn® Green Wash HS has been developed using the latest technology with the cooperation of Elettra to create a superior, high-grade, ecological automatic wash that enhances your system.

This ultra-low VOC press wash:

- Is formulated with highly refined, vegetable-based raw materials.
- Complies with California VOC limits of 100 g/liter
- Ensures cleaning time is reduced, thereby minimizing waste and downtime.
- · Is an economical, environmentally friendly product for use in the Elettra automatic washing systems.
- · Is plate-safe even on unbaked positive plates and the latest CtP material

Advantages of Varn® Green Wash HS

- FOGRA and OEM-approved
- · Compatible with all heatset inks
- Environmentally friendly
- · Economical in use
- · High ink solvency, water-miscible wash
- Formulated especially for the Elettra automatic blanket washing system
- Low viscosity
- Flashpoint greater than 212°F | 100°C (AIII classification)

HEATSET.
