Duco® Blue Sticky Back

Sticky backed blanket suitable for conventional and UV inks

For form printing applications

Product Features

- Duco® Blue Sticky Back has been designed especially for form printing applications.
- Its high shear strength adhesive coating allows for repeat runs with a quick and easy preparation. The pre-coated adhesive gives total blanket stability and is easily removed without risk of tearing, virtually eliminating the risk of adhesive remaining on the cylinder.
- The high specification ground surface provides good quality sharp dot reproduction, strong solids and halftones.
- As pioneers of compressible structures utilising micro sphere technology, the innovative compressible layer featured within Duco® blankets ensures increased durability and blanket life, whilst offering greater resistance to minor wraps and moisture ingress.

Advantages of Duco® Blue Sticky Back
