dayGraphica[®] EZ Strip

A superior strippable blanket for both spot and flood coating applications

Printing Blankets: Stripping

The EZ Strip is designed to strip cleanly and give maximum relief depth for pattern or flood coating. Whether you cut by hand or CAD system, EZ Strip delivers the performance you expect for the most demanding coating jobs. A smooth cast face assures an even and consistent coating laydown.

Advantages of dayGraphica[®] EZ Strip

- Gives consistent coating lay-down and maximum gloss when needed
- Assures that face strips at lowest level in layer
- Gives greater relief than competitors' products
- Allows versatility to adapt to various coating unit set-ups
