# Varn® Take It Off

Paste roller & blanket deglazer

**Specialist deglazer for all printing applications and press types**

## Product Features

- Varn® Take It Off is a superior roller and blanket deglazer in gel form, which penetrates deep into the rubber surface and lifts out dried ink and dissolves built-up glaze.
- Varn® Take It Off utilises a unique mild particulate which scrubs away ink and glaze, yet will not damage the surface of rollers and blankets.
- Varn® Take It Off has no affinity to remain on metal or rubber surfaces, so it flushes away completely with a Varn® water miscible wash.
- Varn® Take It Off is especially recommended as a key part of a regular roller maintenance program.

## Advantages of Varn® Take It Off

- Helps to extend life of blankets and rollers.
- Safe on rollers and blankets.
- Extends roller and blanket life.
- Removes gum and ink glaze.
- Non-abrasive.

#### Product code

KU40-OTFG-#### (final 4 digits relate to pack size).

#### Pack sizes

250ml (O3A0) and 1kg (O1B7).

#### Application

Blankets: Wipe Varn® Take It Off on entire surface of blanket and allow to penetrate and then wash up blanket with a Varn® water miscible wash before starting up press. To restore a glaze-blocked blanket, apply Varn® Take It Off to the blanket and let stand overnight or over a weekend. Wash up press thoroughly before starting up.

Rollers: Remove wet ink. Apply a small amount of Varn® Take It Off over the distributor roller. Run in for at least 3 minutes. Engage the wash up blade and rinse rollers with a Varn® water miscible wash. For presses equipped with EPDM rollers do not leave on for more than 1 hour.

#### More products. Streamlined access. Greater results.
