

Sharing Accurate Repeatable Printed Color Guides, Consistently and Professionally to Any Other Profiled Digisystem V3 Globally

VIVO DigiSystem 3.0 is part of Flint Group's unique color services toolbox designed to provide a dynamic end to end digital color workflow for an integrated pressroom.

VIVO DigiSystem 3.0 is the next generation of digital swatch printing made for the print industry by print experts, which easily adapts to the changing requirements of our industry.

VIVO DigiSystem 3.0 provides printers and brand owners/specifiers the unique ability to share and distribute professional color guides that can be used to initially approve colors visually before on-press spectral verification.

Recognizing that printers have different needs VIVO DigiSystem 3.0 is now available in 3 editions:

- Premium
- Advanced
- Basic

FEATURES & BENEFITS:

- Streamlining color approval.
- Speed to market.
- Remote access for support.
- Cost saving – time and resource.
- Professional appearance.
- On-demand site based swatch printing.
- Stand-alone system.
- Aligned with spectral data and recipes.
- Fast, accurate, repeatable remote printing – repeatability of $dE < 1$.
- Printer is profiled centrally to ensure consistent print performance.

**edition dependent*
