

FlintGroup**Webshop****Order your products through the Webshop****A few
clicks is all
it takes!****Convenient**

- You can place orders day or night, weekend or weekday, the webshop is available 24/7
- Multi-lingual support helps you to feel comfortable in the new environment

Easy to use

- Search for products by product code or name, product type, or other product attributes
- If you have provided Flint Group with your product codes, these are also searchable and displayed in the catalogue
- Use the 'Quick Order' functionality with 'type-ahead' searching for efficient order entry
- Create your orders from an Excel CSV file using the import function
- Reorder at the click of a button

Personalised

- The product catalogue is personalised for you
- You see only your products and the contracted prices
- Real-time order tracking: When you check the status of your orders, your order history displays information directly from our SAP system in real-time
- Check invoices via webshop

How to order via the webshop with perfect ease

Webshop

Welcome to the Flint Group Webshop. Order your products faster and easier.

Product Catalogue

If you want to review all products in your catalogue, choose **product catalogue** and add single products to your shopping cart.

Quick Order

If you know what products to buy, choose **quick order** and add a list of products to your shopping cart.

Import Order

If you want to automate the order entry by uploading a CSV data file from your ERP system, choose **import order**.

Reorder

If you are a habitual buyer, open an old order and use the **'reorder'** button.

An efficient digital channel for simplified order processing
